

Midland XTC-400

The social HD Action Camera!

Cod. C1106

uk Midland introduces as first in the world, the brand new **social action camera XTC-400**.

Besides being an excellent action camera able to record and immortalize your most important and enjoyable moments, XTC-400 is a real gem of technology with its innovative features.

The action camera becomes 'social', thanks to the built-in **WiFi!** You can watch your videos via Wi-Fi in 'live preview' directly on your smartphone, tablet or PC, thanks to the dedicated **app**; you can download images and videos on your smartphone to share them in real time with all your friends on Facebook, Twitter or Youtube.

Full HD at 30fps, it can reach **120fps** in WVGA resolution.

XTC400 is the first action camera in the world with 3 'fixing slide systems' and a **rotating lens (270°)**, that allows you to position the camera as you prefer, without interfering with the recording, and giving you the best video experience ever!

As all the MIDLAND XTC action cameras, the aim of XTC400 is simplicity as well as reliability and utmost sturdiness.

Easy to use, XTC-400 utilizes a **single slide switch to power on/off** and record.

Release

15:02:2013

Thanks to the ergonomic design and its reduced size, the XTC400 is easily wearable, even on your hips!

The battery capacity has been considerably improved from the previous models and reaches **5 hours**.

The supplied submersible case protects the action camera from water up to a depth of 60 meters, and from any other substances that may damage it.

To get a real **professional mechanics**, the accessories have been completely re-designed.

COMPLYING TO CE
